Industry

3. The town comprises the following industrial enterprises:
- Ladagyar, a plant manufacturing crates for fruit and vegetables, is located in a building, formerly a steam mill, about 200 m. from the railway station. The enterprise, which was set up in 1950, produces crates made of a wooden frame filled with reed (Stukatur), which are shipped to the agricultural products' agency (Mezogazdasagi Termelvenyeket Felvasarlo Vallalat) in Budapest. The staff of about 500, works in three shifts.
 - Folda Gzpalackozo Telep is an enterprise for the bottling of natural gas for lighting, which is found at three nearby mineral springs. Two of the latter are situated on both sides of the Debrecen highway, approximately 500 meters from Hajduszoboszlo, where a number of conspicuous storage tanks have been installed.

- The gas is channeled through underground concrete pipes to the plant, which is located about 100 m. from the railway station. The third spring is in the immediate vicinity of the enterprise. The work is carried out in three shifts. Most of the gas is used by the Hungarian Railways for lighting trains.
- c. A brick factory situated on the road to Hajduszovat, just beyond the railway station, operates in three shifts.
 - d. Auto Es Gepjavito K.T. SZ., a cooperative for the repair of motor cars and machinery, is located at 36, or 38, Dozsa Gyorgy Street.
 - e. Kislakasepito K.T.SZ., a cooperative for the construction of small houses, is situated at 4, Kossuth Street.
 - f. Szabo K.T.SZ., a tailors' cooperative at 17, Hosok Tere, makes men's and women's ready-made and custom-made clothes.
 - g. Cipesz K.T.SZ., a shoemakers' cooperative at 5, or 7, Hosok Tere.
 - h. Kenyergyar, a large bakery at 8, Kossuth Street, whose approximately 40 workers supply bread for the entire town, as well as from some of the neighboring villages, such as Hajduszovat and Kaba.
 - i. ~~An~~MTS, which serves both the town and its vicinity, is

installed at the end of Szovati Street. The institution, which is equipped with about 20 tractors and other machines, has recently begun to make its equipment available to private farmers. Most of the latter have, however, remained rather indifferent to the offer, which involves waiting for such long periods as to make it practically useless.

Agriculture

4. A state farm with an ~~MIS~~ of its own was established in 1949, on a total of 4,000 hold of land. The work there is fully mechanized, and carried out by the most modern equipment. In addition to this, there are some 15 agricultural cooperatives (T.SZ.CS) in the town and its immediate vicinity, occupying approximately 30 percent of all arable land (90,000 Hold). Among these collectives are the following: Lenin; Voroscsillag; Petofi; Szabadszag; Szabad Fold; Ujbarazda; Dozsa, Aprilis 4; Haladas and November 7.

5. Eggs have to be delivered at the price of 0.38 filler per piece (1.00 forint in summer, and 1.70 forint in winter, on the free market), while chickens are paid at the rate of 6.90 forint per kg. (20-25 forint on the free market). The scale of contributions is the following:

Public Institutions

6. Among the town's institutions and services are the following:

- a. The Municipal Council, which occupies its pre-war residence, a two story building with entrances on three sides, at 1, Rosok Tere, between Rakoczi and Bocskay Streets;
- b. The town Party Secretariat (Varosi Partbizottsag), which is housed in a one story building at 1, Dozsa Street formerly owned by Dr. Bela Hunyadi;
- c. The D.I.S.Z. Center, installed in offices of the Hortikultura which occupies three former private houses at 8, or 10 Ady Endre Street;
- d. Police HQ., (Rendorkapitanysag), is on its pre-war site at 4, Rakoczi Street, and is staffed by 20 policemen, among them a Second Lieutenant of the AVH. The two story ^{building} also comprises a number of prisoners' cells since there is no prison in Hajduszoboszlo.
- e. The fire brigade, with a staff of about 20 men equipped with one fire engine, and its HQ. in the building of the Municipal Council.
- f. Until 1955 a power station on Hoforras Ter operated by natural gas supplied current to the town as well

as to a number of villages in the neighborhood (Kaba, Tetetlen, Foldes, and Hajduszovat); in early 1956, however, the Tiszalok power plant began to supply the entire region.

- g. Since there is no water works in the town, the population gets its water supply from wells dug in the courtyards of individual houses.
- h. The central Post Office is located in a one story building on Bocskay Street, two houses from the corner of Hogyes Street; a branch office is situated at Furdotelep, between the airfield and the main road.
- i. In early 1955 a financial institution (Orszagos Takarekpenztar) was opened on Hosok Tere.
- j. In 1955 a recruiting office (Katonai Kiegeszito Parancsnokdag) was installed in the two story building, formerly the tax office, at 5 or 7, Hosok Tere.
- k. The town's only cinema (formerly called Bocskay) is located at 3, Hosok Tere.

7. Medical care is provided exclusively by the health center (Egeszseghaz), which is located in the two story building at 1, Vorohadsereg Street. The institution comprises 10-12 beds, and a staff of six doctors, who are in attendance, daily from 8 a.m. - 1 p.m., and from 3 p.m. to 6 p.m. Serious cases, however, are

sent to Debrecen for treatment. Blood donors are also sent to the hospital in Debrecen.

8. There is an eight-grade elementary school at 2, Ady Endre Street; a secondary school of four grades is situated on Kenez Street.

Transportation

9. The town's only railway station, a two story building, is situated at the extremity of Rakoczi Street. About 60-70 m. further on there are two warehouses facing one another, each measuring about 30 m. long and 6-8 m. wide, one for transit goods, and the other, for grain storage. In front of the latter are two loading ramps, near the rails and on the side of the town, respectively, which are some 30 m. long and about 3 m. wide. There are four pairs of rails for shunting, as well as the double line Debrecen-Budapest.

10. The following is the time-table of trains:
